Cloud & DevOps:
Azure DevOps, CI/CD Pipelines,
MS365 & Power Platform:
Power Pages, M365 Dynamics (CRM/ERP)
AI Tools:
Claude, ChatGPT, Cursor.ai, Copilot

ACHIEVEMENTS

GitHub Copilot Certificate
Sept. 4, 2025 – Sept 5, 2027

PROFESSIONAL OVERVIEW

Achievement-focused Innovative Front-End Developer with 7+ years of experience building responsive, high-performance web applications using React, Next.js, and TypeScript. Proven track record of delivering seamless user experiences through clean code, API integration, and collaboration with cross-functional teams. Passionate about leveraging modern tools and AI-assisted development to ship products that make an impact.

WORK EXPERIENCE

Frontend Developer
mySMB.com Pty. Ltd. | 2025 – present

- Developed and maintained responsive, user-friendly interfaces for an AI-powered chatbot using React.js and TypeScript, ensuring seamless cross-platform user experiences.
- Integrated real-time communication features with WebSocket and REST APIs to display dynamic chatbot responses and improve conversation flow.
- Collaborated closely with backend engineers and ML teams to implement front-end logic for personalized responses, intent detection, and conversation context management.
- Optimized UI performance, accessibility, and responsiveness, improving user engagement.

Application Developer Analyst
Accenture Inc. | 2021 – 2025

- Collaborated with stakeholders to understand business requirements and translate them into technical specifications.
- Built and tested application functionality to ensure a desirable user experience across all platforms.
- Design creative prototypes according to specifications.
- Troubleshoot and debug applications.
- Create and maintain technical documentation including system architecture diagrams, API specifications, and user manuals.

IT Assistant
DoubleDragon Properties Corp. | 2017 – 2021

- Provide technical support to end-users for hardware, software, and network-related issues.
- Install, configure, and troubleshoot desktops, laptops, printers, and other peripherals.
- Assist with the setup and maintenance of network equipment, including routers, switches, and firewalls
